

## Camp Wonder

Welcome to Camp Wonder! The summer camp that is for children with serious and fatal skin disease aged 7-16 years old. Camp offers a wide variety of activities. They include swimming, boating, arts and crafts, games, archery, fishing, ropes course, nature walks, sports & recreation, silly olympics, theater and more. Camp is a great place to bond with other children your age and have some wonderful experiences and fun.

**THERE IS NO CHARGE FOR CHILDREN ATTENDING CAMP.** Because many families of children with severe skin disease are burdened with large medical expenses, children attend CSDF's camps without charge. To raise the funds for camp, CSDF depends on the generosity of supporters. See [15 Ways You Can Help](#).
