

Campers Testimonials

Straight from the mouth's of our campers. Read the testimonials from some of Camp Wonder attendees and their recent experience!

"I love everything about camp. Its not only a place to make new friends, have fun, and get away from home but it's a place where kids can go and be themselves. Not worry about the everyday stares they encounter day in and day out just because they dont look "normal." To see a smile on every kids face at camp for seven days lasts an eternity in my heart."

–Jassamine

"If it wasn't for Camp Wonder I wouldn't have received the confidence needed to excel in academics and elevate my game in athletics. Camp has built my character back at home which in turn I believe has made a more well rounded person!" –Soroush

"I love camp, because the first time I came to Camp Wonder with my skin illness, I had lost hope and then I came and my spirits were raised! I look forward to camp all year." –Mirabai
